

# Art

- Excellent facilities including; a large, spacious and newly refurbished art studio; its own pottery kiln and electric pottery wheel and a well-equipped media suite to support the curriculum
- Pupils are taught by specialist teachers and the department benefits from the assistance of an Art Technician
- Pupils enjoy activities in a wide range of disciplines including ceramics, drawing, painting, photography and animation, printmaking, water colours, textiles and sculpture

## Belartis Week

Bi-annually the Art Department puts together a program of creative arts workshops during 'Belartis Week'

During this week pupils and staff spend a whole week in artistic pursuit

This can include anything from messy Jackson Pollock paint splashing to quiet still life studies

We aim to visit galleries and artists' studios and invite professionals in to showcase their skills in workshops

At the end of the week we hold an exhibition in our bespoke Belmont Gallery and Theatre
