

Science Laboratory

Dedicated Science lessons take place from Year 1 to Year 6. From Year 7+ Science is organised into three separate courses: Biology, Chemistry and Physics

Two Science laboratories as well as two prep rooms

Pupils are encouraged to enter STEM events and attend Science challenge days at other schools. We also invite local infant and primary schools to attend Science days at Belmont

Pupils become adept in carrying out investigations after making observations about why events happen in Science

Enrichment of Science:

Trips to... Winchester Science Centre and Planetarium to enhance a topic on Space

Nower Wood Nature Reserve to study Ecological Techniques and sampling methods of populations in the field

Henfold Bird of Prey Centre to aid study of adaptation and feeding relationships

Natural History and Science Museum visits

In school... Kinetic Theatre production to engage in different aspects of the Science syllabus through drama and singing

'Portable Planetarium' travelling company

Science club for a fun introduction or extension of practical skills and experiments

'Flour Baby' challenge for Year 7 pupils studying Human Reproduction
